Reading the display

(Month setting)

Press \square to set months. Each time Ⓞ is pressed one month is advanced.

(Date setting)

Press \square to set dates. Each time Ⓞ is pressed one date is advanced.

(Day setting)

Press \square to set the day of week. Each time Ⓞ is pressed the day symbol is advanced. Press \square to revert to normal time.

(Independent correction) Correction of any digit, if not required, can be skipped by pressing the \square button repeatedly.
(Reversion to normal time display) The watch reverts to the normal time display if the \square button is pressed, regardless of the digit setting mode.

Calendar system: Auto-calendar pre-programmed until the year 2009.
